

**For Immediate Release:**

## **Thomas Research Products/Norlux Appoints Michael Alson As Northeast US Regional Sales Manager**

**Elgin, Illinois** May 2, 2016--- Thomas Research Products/Norlux announces the appointment of Michael Alson as the company's Regional Sales Manager for the Northeast United States. The company, part of Hubbell Lighting Components, manufactures complete LED power and control solutions for OEMs and retrofitters.

Mr. Alson works with lighting OEMs, ESCOs, retrofitters, engineers and designers throughout the Northeast, extending to Pennsylvania and parts of Ohio. He also works with customers in Eastern Canada. He supports customer goals with TRP complete component solutions for solid state lighting, including Norlux custom design, testing and manufacturing services.

Based on Staten Island, New York, Michael has more than 16 years of lighting industry experience. Previously, he held sales management positions with Tivoli Lighting, Prisma Lighting, iGuzzini and Lite Tech.

Director of Sales Brian Johnson noted "Michael makes a great addition to the Hubbell Lighting Components team. His experience in lighting helps him understand such a dynamic and diverse customer base as ours. Michael's location in the heart of the region also makes him responsive to their needs."

Mr. Alson can be reached at 657-275-2648 or [malson@trpssl.com](mailto:malson@trpssl.com). Follow Thomas Research Products and Norlux on [Facebook](#) and [Twitter](#) for the latest news and updates.
